YEAR IN REVIEW + 2027 PLAN

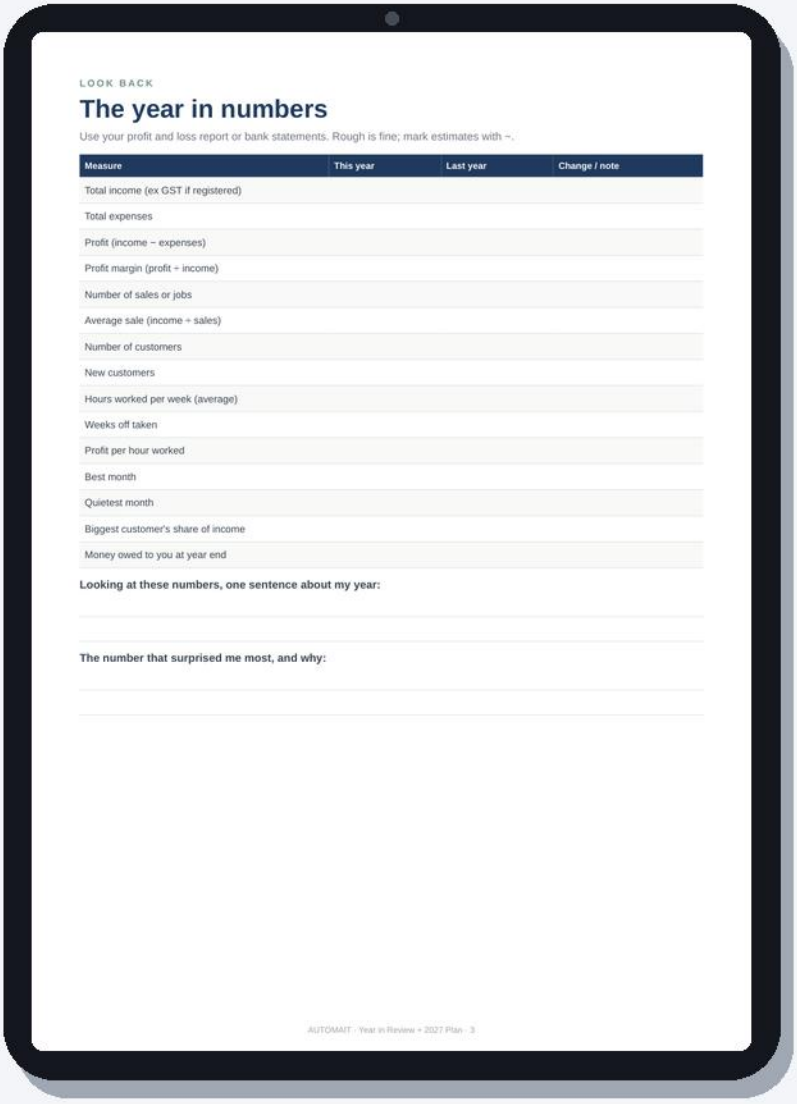

5 questions for your end-of-year review

AUTOMAIT

1 · YOUR NUMBERS

What did you earn per hour this year?

LOOK BACK

The year in numbers

Use your profit and loss report or bank statements. Rough is fine; mark estimates with ~.

Measure	This year	Last year	Change / note
Total income (ex GST if registered)			
Total expenses			
Profit (income − expenses)			
Profit margin (profit ÷ income)			
Number of sales or jobs			
Average sale (income ÷ sales)			
Number of customers			
New customers			
Hours worked per week (average)			
Weeks off taken			
Profit per hour worked			
Best month			
Quietest month			
Biggest customer's share of income			
Money owed to you at year end			

Looking at these numbers, one sentence about my year:

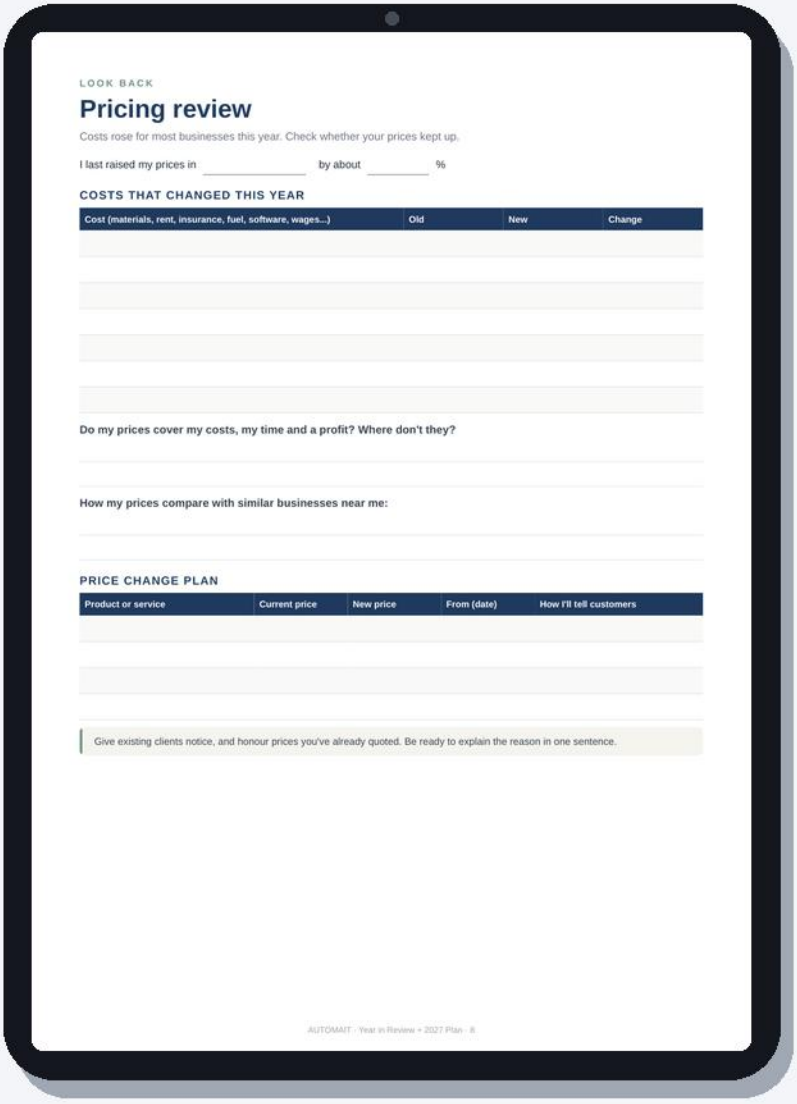

The number that surprised me most, and why:

2 · PRICING

Which service paid best for the time?

LOOK BACK

Pricing review

Costs rose for most businesses this year. Check whether your prices kept up.

I last raised my prices in _____ by about _____ %

COSTS THAT CHANGED THIS YEAR

Cost (materials, rent, insurance, fuel, software, wages…)	Old	New	Change

Do my prices cover my costs, my time and a profit? Where don't they?

How my prices compare with similar businesses near me:

PRICE CHANGE PLAN

Product or service	Current price	New price	From (date)	How I'll tell customers

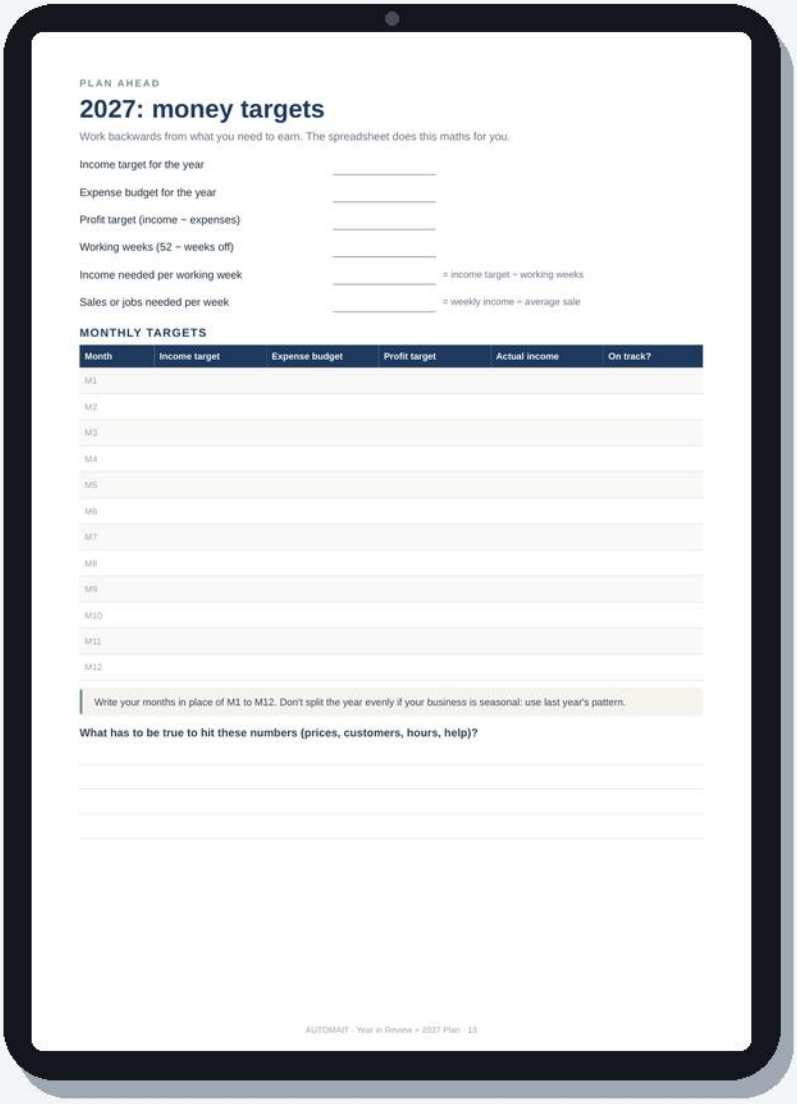

> Give existing clients notice, and honour prices you've already quoted. Be ready to explain the reason in one sentence.

3 · TARGETS

What does 2027 look like, month by month?

PLAN AHEAD

2027: money targets

Work backwards from what you need to earn. The spreadsheet does this maths for you.

Income target for the year _____

Expense budget for the year _____

Profit target (income − expenses) _____

Working weeks (52 − weeks off) _____

Income needed per working week _____ = income target ÷ working weeks

Sales or jobs needed per week _____ = weekly income ÷ average sale

MONTHLY TARGETS

Month	Income target	Expense budget	Profit target	Actual income	On track?
M1					
M2					
M3					
M4					
M5					
M6					
M7					
M8					
M9					
M10					
M11					
M12					

> Write your months in place of M1 to M12. Don't split the year evenly if your business is seasonal: use last year's pattern.

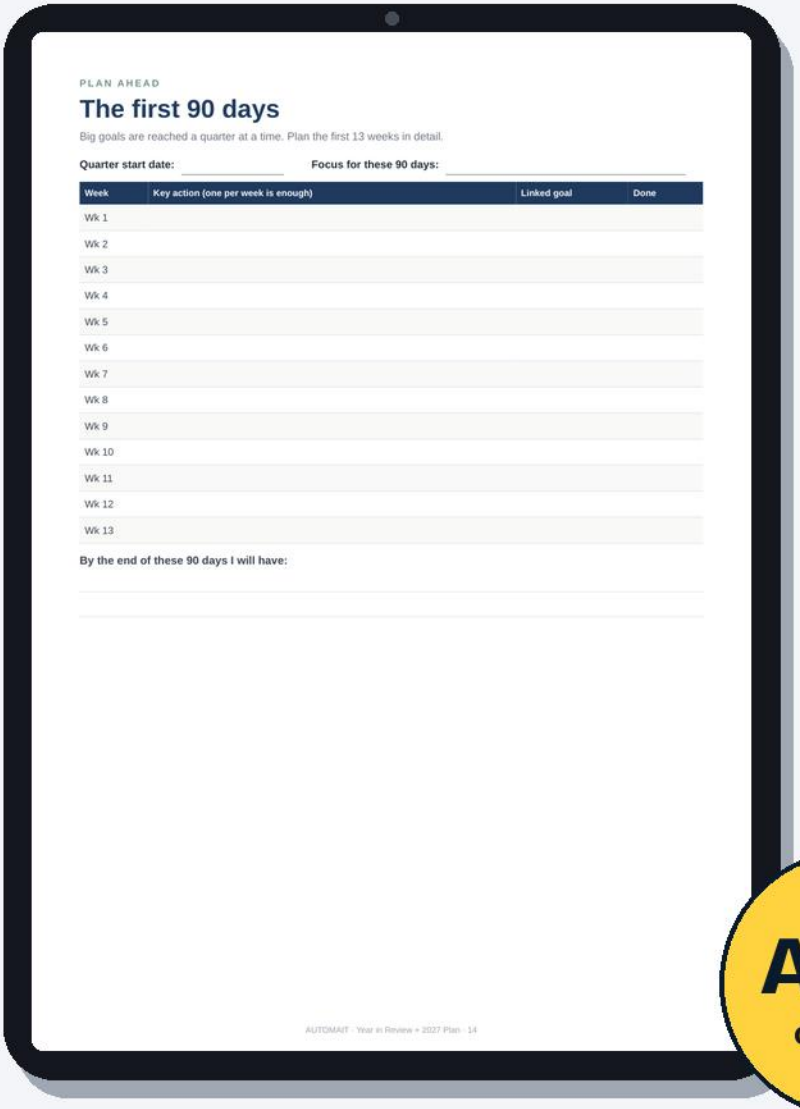

What has to be true to hit these numbers (prices, customers, hours, help)?

4 · FIRST 90 DAYS

What will you do first in 2027?

PLAN AHEAD

The first 90 days

Big goals are reached a quarter at a time. Plan the first 13 weeks in detail.

Quarter start date: _____ **Focus for these 90 days:** _____

Week	Key action (one per week is enough)	Linked goal	Done
Wk 1			
Wk 2			
Wk 3			
Wk 4			
Wk 5			
Wk 6			
Wk 7			
Wk 8			
Wk 9			
Wk 10			
Wk 11			
Wk 12			
Wk 13			

By the end of these 90 days I will have:
